**Portable Lamp w/ LED Reading Light
INS4001SN**

Features

Transitional single armed portable wall light is easy to mount and comes with a 5' cord-n-plug. A flexible arm LED reading light directs light where needed most. Individual on/off switches control reading and wall lights. A cream linen fabric shade diffuses the main light source. Comes with a cord cover for wall mounting.

Construction

Metal is die formed of 20-gauge steel.

Finish

All exposed metal is plated brushed nickel finish.

Diffuser

Diffuser is a hard backed cream linen shade.

Electrical

This unit is wired for 120/60 Hz AC operation.

Lamping

For use with (1) 13W screwbase CFL or 60W Max A19 incandescent lamp. The arm light is a single 3W high power LED rated for 25,000 hrs. (2700K).

Certification

All fixtures are cETLus listed for damp locations.
